

# Teacher's Day Celebrated with Paying Rich Tributes to Dr S Radhakrishnan in the IGNOU Regional Centre Raghunathganj, West Bengal 5<sup>th</sup> Spetember 2014

To commemorate the birth anniversary of Dr. S. Radhakrishnan, Teacher's Day function was organized at IGNOU Regional Centre Raghunathganj. Speaking on the occasion the Regional Director *Dr. Somasi Srinivas* greeted one and all from the Most Backward located Regional Centre-Raghunathganj in the country. He felt that in real sense Teacher is only up-to the school level and ceases in Higher Education. The teacher moulds the young minds and sets the direction for future development of humankind. In Higher Education the word 'teacher' is out of context as at this stage virtually there is NO Pupil, but a kindled young mind who needs facilitation to channelize her/his learning at school level from the Teacher. Therefore the significance of Teacher only exists at School. He complimented all those present at the function and joined the nation to learn from the Prime Ministers' Discourse. On the occasion besides few learners, Dr Sandip Majumdar, SPA and Sri Gopal Chanda JAT, also shared their opinion.

Paying Homage to Dr S Radhakrishnan
